

## Breakfast Angels @ Flemming Elementary

Flemming Elementary received a grant this school year from President Choice Charity to provide breakfast to students.

The budget allowed for breakfast to be served twice per week starting in mid-November and running until mid-April.

In December, Flemming Elementary received a call from an individual and his wife asking to meet with the School Principal to discuss a donation towards the breakfast program.

After meeting with these two individuals, who want to remain anonymous, a donation of \$2000.00 was made to help supplement the existing breakfast initiative. One of the individuals had made a donation of \$1000.00 to the Breakfast program the year prior.

Flemming Elementary will now be able support breakfast for our students until the end of the school year thanks to this generous donation.

We are very thankful and appreciative of this kind gesture for our students.  
Thank you so very much.
